

### Kia ora

We are over half way through the term now and the school is in full swing. The third Peer Support Camp to Urupukapuka Island heads out this week and the Year Seven and Year Thirteen students really benefit from this wonderful experience.

At Kerikeri High School with our four cornerstones approach and our "busy kids are happy kids" philosophy we are delighted with all the opportunities and activities that are in place already for our students.

### MAORI STUDENTS DO WELL AT KERIKERI HIGH

The Herald recently reported an increase in Level Two pass rates for Maori student leavers to 54.6%. The Kerikeri High School Level Two provisional pass rate last year was 82.4% and has consistently been above 76% for the last four years.

### OUR 2014 KERIKERI HIGH SCHOOL PREFECTS

The 2014 Kerikeri High School Prefects were announced at the formal celebration assemblies for students, families and staff on Thursday 20 February.

There are 201 students in our Year 13, of that group there were 62 very high calibre applicants who put themselves out there and took the opportunity to apply for the position. 36 Prefects were appointed which enables each year level of the school from Year 7 to Year 12 to have 6 Prefects working with them.

It is wonderful that so many applicants aspire to leadership and the bar has become higher. Some very good applicants have missed out, but that is the way of a job application process. Every applicant had the experience of developing a CV and a formal panel interview. We are looking forward to them still making their contribution to Kerikeri High School as our respected senior students.

The Prefects have attended an intensive two-day Leadership Training Seminar in Paihia. The students were prepared for their critical new role by Principal Mrs Elizabeth Forgie, Deputy Principal Mr Mike Clent and their Year 13 Dean Miss Erica Collins.

The 2014 Kerikeri High School Prefects are –

## GENEROUS DONATIONS

Mrs Maureen York long term resident of the Bay of Islands and author of an autobiography about life in the Bay during World War Two, collected rocks and shells from around the local area over a long period of time, and stored them at her home in Haruru Falls to be experienced by local children. Maureen generously donated the rocks and shells to the Kerikeri High School Science Department so students could benefit from larger examples of local rock types. Thank you Mrs York for your generous donation.
